DATE April 2019

UP COMING DATES

More information to follow for events throughout the summer term.

- School re-opens Tuesday 23th April 2019
- Break up for half term on 24th May
- Year 6 SATs tests w/c 13th May – 16th May
- Look out for the next Curriculum Talent Awards in the Summer 2 Term. A huge thanks to Reverend Kathy for being our special guest and well done to all the winners.

Red Nose Day – Comic Relief

We raised a superb amount of money for a fantastic charity. Thank you to all the children and families who donated and thanks to all the staff and wider community who helped with the bake sale.

The children looked amazing dressed in red!

Imagine Topic

This half term had a science focus and lots of the learning across the academy linked to experiments and new scientific knowledge.

During the half term, we had a Trust wide theme week titled OPA Environmental Week. All the Outwood Primary Academies explored how single use plastic waste could be reduced. The children created presentations, used filming equipment and designed inventions to take plastic out of our oceans. This culminated with an academy competition where winners from KS1, LKS2 and UKS2 advanced to the finals. Well done future scientists!

We also welcomed Daisy (our specialist Chinese teacher) who worked with Y3.

We cannot wait for next half term to create some more memorable learning experiences and we hope that you all have a safe and relaxing half term break.

Our School Parliament MPs continue their important work in the community with two visits this half term. They linked with St Swithuns Community Centre to take part in an over 55 leisure group where they worked on creating plant pots. They also visited St Catherine's Food Bank to help create food parcels for the most vulnerable in our local area. What will the summer terms have in store for the MPs?

Earlier in the half term, we celebrated World Book Day. The teachers and children dressed as their favourite characters. They also enjoyed activities based on their favourite books.
